Principal's Message

It is a privilege to work in a school where staff collegiality, learning and professionalism is paramount. The staff are amazing and I appreciate everything they do for the students and the school as a whole. Being a teacher is far more than a job, a duty, or a pay-check. It is a calling. This calling provides the opportunity to work with learners as they advance through school. We watch students grow and develop intellectually, we guide them as they tackle new concepts and ideas and lead them as they become self-sufficient and independent learners. As teachers we often feel like a counsellor, psychologist, police officer, travel agent, confidante, banker, librarian, custodian, psychic, photographer, substitute parent, doctor, politician, party planner, decorator, news reporter, detective, clown, comedian and preacher. I'd like to congratulate Alison Milne for being awarded Deputy principal. Thanks to Rachel Johnson, Rosie Morton, Colon Cochrane, Claire Lyford, Chris Milne, Travis Miles and Alison Milne for all their hard work this year. Thanks also to our wonderful support staff: Pam, Sheryll and Kerri. You are the best!

Effective partnerships between schools and parents, whānau, and communities can result in better outcomes for students. The better the relationship and engagement, the more positive the impact on students' learning. I'd like to thank every parent who has given up their time to help our students and staff this year. Without parent support we would struggle to accomplish many things: sport trips, class trips, art projects, Calf Club and so on. The PTA does a wonderful job and we really appreciate their hard work and commitment to provide the students with the "extras."

Our school has a great Board of Trustees. They work tirelessly to ensure that we are able to provide students with what they need to become successful learners, confident communicators and have the ability to interact with others. I'd like to extend my sincerest thanks to Lisa Haycock (Board Chair) James Lochead Macmillan, Peter Lucena, Lloyd Salmon, Ken Hopping and Natasha Burrett for their hard work this year.

I'd like to wish our year 8 students the very best for their college years and beyond. They have been a wonderful group of students and shall be missed.

Kind regards, Michelle Brown
