Room 9's writing about the storm that happened last term.

The Storm

By Eli Gregory-Lee

When the storm was on I got a small kitten. It was very scared. Its name is Mishka. When I was sleeping in my bed the power turned off. I went to my lounge and looked out of the window. I saw a big storm. The power pole exploded. My mum called the fire fighters. It was a big storm. My brother took a photo of the big blue explosion. My pot plant broke in half and my tree broke in half. It was a scary night!

The Storm

On Tuesday night my tramp blew away. It was broken and it landed in the bushes near the road. The storm was scary and the wind was loud.

My tree fell over on my dad's truck. The glass and the roof broke. It was very windy. Speedy my dog and I were fast asleep in bed in the storm.

Storm

By Cole Evans

Yesterday we had a day off school because there was a storm. The storm broke our trellising. It fell on my brother's scooter. We still don't have power because the power line fell down at our cowshed. The milk tanker could not pick up the milk so we had to dump the milk. Today my dad had to run the cows down the road to the neighbour's cow shed to milk the cows. The neighbour will milk his cows too. We are going to dump the milk again because the cows have been holding on to the milk for long. One our chickens was limping. On the side of the road trees fell over. I could only see the roots of the trees. Some of our trees fell down too. One of the trees was on an angle. Two of our trees had lost some branches

Community Consultation Evening:

Wednesday 9th May 6:45pm in Room 4 (Following the camp meeting)

We are hoping that there are parents in our school community that would come along to this meeting and share their thinking around our new school report format (due to the Government removing National Standards) and some of the new thinking needed around participation in sports days due to the escalating cost of involvement.
