# 2021 Year 8 Leadership Team- *New Format*

In 2021, Waipipi student leadership is about students being willing to step up and establish and lead in roles both within and outside school.

We are very fortunate and privileged that all our year 8 students have all chosen to be part of the Year 8 Leadership Team- they want to take up leadership opportunities and make a difference to the lives of others.

What stood out for the staff when we were listening to the Year 8 leadership speeches, was how caring these students are, how they really want to do their best for the staff and students at Waipipi, and how they want to extend their reach into other causes they feel strongly about.

The leadership team will work alongside staff to set goals around their leadership and be given every support to be successful in achieving what they want to accomplish, both individually and as a member of the Year 8 leadership team. These students will also be presented with standard opportunities to lead throughout the school- student support, leading Hui Kura and special assemblies, school sport and so on.

All their leadership will be tracked and noted through out the school year. These students will receive a reference from Mrs Brown outlining their leadership through the year. Secondly, the students will be issued leadership awards in the school's prize-giving. We aim to develop a prize-giving award system that recognizes the different levels and capabilities of leadership.

The staff look forward to working with such an amazing group of Year 8 students.
